

TECHNICAL DATA:

Model	290	320	350/350C
Length o.a m.	2,88	3,15	3,49
Width o.a m.	1,59	1,68	1,68
Cockpit width m.	0,77	0,835	0,835
Draft m.	0,24	0,24	0,24
Weight dry kg.	62	71	78/98
Payload kg.	132	141	217/237
Loaded displacement mass kg.	451	512	598/618
Max. load kg.	389	441	381
Capacity ppl.	3	3+1	4
Tube diameter (max.)	0,4	0,42	0,42
Tube material Pvc/Hypalon	1100	1100	1100
Number of chambers	3	3	3
Max. engine power kW/HP	8/11	11/15	22/30
Shaft length mm/inch	381/15" /S	381/15" /S	381/15" /S
Category	C	C	C
Hull material	Aluminium EN AW 5083 H111 (AlMg5)		

The Aquaspirit Tenders are distinguished by their lightness, robustness, and versatility. Each model is available in various colors, with bench seats, a comfortable side console, or a sporty jet console. You can also choose tubes made of PVC or Hypalon Orca.

The boats are all equipped with storage space under the seats. A channel runs from the front to the back, allowing for the placement of a fuel tank to improve weight distribution. The boats can all be fitted with a practical bow step, making it easier to disembark from the front and to dock and undock. Equipped with lifting eyes, our dinghies can be easily hoisted with davits. The S350 can be powered with up to 30 HP, making it easy to tow water skis or wakeboards. Naturally, a waterproof full cover is also available.

Take a test drive—you'll be impressed!

ALUMINIUM RIB

ABOUT THE COMPANY:

We develop top-quality aluminum inflatable boats with the best specialists in the industry. Many years of experience with hundreds of boats built are reflected in the quality of our RIBs. The input and satisfaction of our customers is particularly important to us.

We are aware of our responsibility, which is why compliance with and monitoring of the requirements of EC Directive 2013/53/UE are a matter of course for all our Aquaspirit models. They are therefore marked with the «CE» symbol.

The Aquaspirit brand is constantly evolving. At the same time, our experts use the latest design, planning and production methods (CAD, CFD, CAM) to develop models in line with market requirements and the wishes of our customers. Individual wishes can also be realized within the framework of CE certification.

We are only satisfied when you are!
